PRESS RELEASE
Cherry Hill, New Jersey – February 18, 2022

Grimley Financial Corporation has been selected as an honoree for the 2022 Faces of Philanthropy by the Philadelphia Business Journal for our extensive charitable efforts throughout our 36 year history. After many years of partnering with the Boys and Girls Club of Camden County, most recently, Grimley Financial supported the club via their "Adopt-A-Family" program this past holiday season; Grimley provided food, clothing, and other essential items, in addition to toys and holiday gifts to a family in need.

"Grimley Financial has been working with the Boys and Girls Club of Camden County for many years, striving to help the club achieve their mission of helping children and young adults reach their full potential. Our firm has always maintained a strong focus on giving back to those in need and raising awareness in our community. Those values were instilled in me as a child by my parents and are being carried forward by Grimley's next generation – Kristen and Chad Grimley."

- Chuck Grimley, Founder & CEO, Grimley Financial Corporation

Grimley's charitable commitments to philanthropy have evolved since the inception of the company in 1986 but have always focused on some of the most pressing needs. In 2020, Grimley donated laptops to Including You, an organization providing for the technological needs for online learning for students without those critical resources to learn remotely.

Grimley Financial Corporation is a full service revenue cycle agency specializing in healthcare, commercial, and education receivables. From the onset, our mission was to provide value added collection services incorporating the utmost in professionalism, customer service and collection diligence. While our technology is state of the art and leading edge, our investment is unending; our people skills and customer service mantra embraces the tenets of old-fashioned hospitality.
